

Fees & Charges Structure for Qualification Activities

The ECITB is a recognised Awarding Organisation and operates in line with the regulatory requirements of the Office of the Qualifications and Examinations Regulator (Ofqual), Qualifications Wales and the Scottish Qualifications Authority (SQA) Accreditation. As such it has to make a charge for its services. These charges will be levied on all Approved Centres for all candidates, regardless of whether they are employed by an employer in-scope to the ECITB.

Review arrangements

We will review this policy and its associated procedures as part of our continuous improvement arrangements and revise it, as and when necessary, in response to customer, learner or regulatory feedback (e.g. to align with any enquiries process established by the regulators) and to identify any trends that may emerge in the subject matter of enquiries received.

The ECITB Awarding Organisation Fees & Charges will be published to the website. The ECITB will ensure an appropriate period of notice is provided to all existing Approved Centres in terms of any amendments to its fees and charges structure in accordance with good practice and partnership arrangements.
